Commissioner for Patents

NOTICE OF A NON-RESPONSIVE AMENDMENT

The reply filed on 1/8/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The claims, as originally filed, were drawn to a methanol-utilizing bacterium that contains a gene with the sequence of SEQ ID NO:1. The amended claims are drawn to a methanol-utilizing bacterium that have a disrupted and non-functional version of a gene with the sequence of SEQ ID NO:1. The invention of the amended claims is independent from the originally elected invention because these bacteria are unconnected in design, operation, and effect. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, the amended claims would all be withdrawn from consideration as being directed to a non-elected invention, leaving no active claims. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
